
CLUSTER

team project management simplified

by JAKE WILLSON (CIS 598)

DECEMBER 12, 2019 | DUE 2183 | 3:00 PM - 4:00 PM

Cluster is a Ruby on Rails web application (with loose GitHub integration) designed for software development teams.

Team members can collaborate with status updates, task assignments, direct messages and email invites.

Presentation will last roughly 30 minutes and questions will follow.
